Section 4 : Reporting

a. *Contractor Reporting on Use of Funds.*

(1) Contractors that receive any awards (including modifications) funded by the Recovery Act must report information including, but not limited to, the dollar amount of contractor invoices, the supplies delivered and services performed and the amount for which the contractor has invoiced, an assessment of the completion status of the work, an estimate of jobs created and retained as a result of the Recovery Act funded award, names and total compensation of each of the five most highly compensated officers for the calendar year in which the contract is awarded, and specific information on first-tier subcontractors.

(2) At the time of award, the CO must provide FAA Recovery Act reporting forms and instructions to the contractor. Contractors must report data using the following FAA forms:

Monthly Prime and Subcontractor Employment Report

Quarterly Subcontractor Report

Prime and Subcontractor Highly Compensated Officers Report

These forms must be submitted electronically (in MS Excel format) to an FAA mail box for Recovery Act reporting:

9-AJF-CWP-StimulusTracking@faa.gov

ATO Capital Program Formulation Group (AJF-25) will compile all contractor-reported information.

b. *Failure to Report.* The CO must make the contractor's failure to comply with the reporting requirements a part of the contractor's past performance information. As with other contract deliverables, the CO may use remedies such as withholding payment or seeking other consideration for a contractor's failure to deliver contractually specified reports within required timeframes.

c. *Purchase Cards.* A special area in the comments field in U.S. Bank's online system has been established for Recovery Act-funded transactions. Purchase card holders must include an adequate description of the supplies/services purchased and the F&E JCN under which the purchase was made in the comments field.
